LET'S GET MOVING

Transformer Lift and
Offload from Rail

Turbine Offload
from Rail

GANTRIES

CAPACITY: 350-ton; 450-ton; 700-ton; and 700-feet of gantry track

FEATURES:

- Hydraulic
- Modular
- Portable in Legal Loads

ADVANTAGES:

- Heavy capacity lifting in areas with overhead obstructions
- More safe, efficient and cost-effective than crane

USES:

- Loading / Offloading super heavy cargos
- Great for confined areas
- Propelling large loads into buildings or structures with overhead restrictions
